Dickson asked that the invoices be more specific so that the County can track the charges better. Dickson then asked about Invoice 4184441-12 that states 75% of Shive Hattery's work is complete. Shive's percentage of work doesn't necessarily align with the contractor's percentage of work, they are doing a lot of work up front to review prior to the actual work being done by the contractors. Contract states that 22 site visits will be performed, and all of those sight visits have happened to date. Hinds stated that the contract time completed is 71% of the construction, so they are not that far off from

their 75% of architecture completion. Construction phase is about 47% complete. Dickson stated that Shive-Hattery is not to conduct any site visits without being asked directly by the Board of Supervisors or Brandon Thompson. Regular Session

August 24, 2021

The Guthrie County Board of Supervisors met this 24th day of August, 2021, in regular session in the meeting room at the Guthrie County Courthouse in Guthrie Center, Iowa with the following members present: Clifford Carney, Mike Dickson, Everett Grasty, Jack Lloyd and Jerome “J.D.” Kuster.

The meeting came to order at 9:00 a.m.

Josh Sebern, Guthrie County Engineer, discussed Farm-To-Market jurisdiction in Cities with populations from 500-2500. County shares jurisdiction on farm-to-market roads, those cities would include Panora, Guthrie Center, Stuart and Adair. The County needs to create a policy on how they will handle repairing farm-to-market roads, and stick to that policy. City would still conduct the maintenance of the road, the County assists in the construction of the road. Board agreed that maybe the County does part of the roadway, only the center 22 feet. Sebern will work on a policy for farm-to-market extensions in Cities with populations from 500-2500.

Regular Session

The Guthrie County Board of Supervisors met this 2nd day of September, 2021, in a special session in the meeting room at the Guthrie County Courthouse in Guthrie Center, Iowa with the following members present: Clifford Carney, Mike Dickson, Everett Grasty, Jack Lloyd. Dickson discussed the issue of poor soil conditions that are affecting the progress of the Courthouse Parking lot project. Dickson stated there wasn't a lot of time to make a decision, and the best route being suggested by Team Services was to take the dirt out and lay down rock. They enlisted the assistance of County Engineer Josh Sebern who had 3 trucks brought in to haul dirt out to Secondary Roads, they worked late Wednesday to get the dirt out as Elder was concerned about raining coming in Thursday evening, and wanted dirt up and rock down before the rain came. Elder and Roads crews started hauling rock this A.M., and will have everything leveled off today to grade. Sebern has 6 trucks hauling rock, and Elder brought in a couple of trucks to haul rock along with Tom Rutledge. This is happening outside of the scope of the project, the County is hiring Elder on their own, Rock is going to be billed to Sebern's account and will be sorted out later, the remainder of what Elder is charging will be paid for by the County. Elder would like to have Jensen brought in Wednesday-Thursday to start forming for paving. This should not affect anything for Jensen pouring, it is still the same grade, this is solely to update for the poor soil conditions.

Motion by Grasty second by Lloyd to complete the Courthouse Parking Lot work by directly hiring Elder, outside of the scope of the Law Enforcement Center Project, and to approve Dickson to sign the paperwork related to this change. Motion carried: Ayes: 5 Nays: 0.

She brought up that they thought Bob Kempf would be retiring within a couple of years of bringing on an assistant, and now it doesn't look like that is going to be happening soon. The budget has doubled since Guthrie County and Adair County joined in emergency management. They also don't want to lose Jeremy Cooper, who is the part-time Deputy Coordinator. Wedemeyer stated that the budgets continual increases are one of the major concerns to him. The Counties are paying the full amount, and the Cities aren't paying their portions. The Board agrees the budget increases have been topics of concern in the past. Hoadley stated that she's heard Kempf has been helping Audubon County, but to her knowledge there is no agreement for reimbursement for Audubon County. Last year it was suggested that Kempf move to part time and Cooper move to full-time, and that was not well received. Board reviewed Resolution 22-29: Resolution Changing the Part-Time Status of the County Attorney to Full-Time Status. Grasty stated that he isn't in agreement on changing the status because the job of the County Attorney has been getting done. John Twillman, Assistant County Attorney, stated that he respects the Board, but does not think that it is a good idea to change the status. The part-time designation allows for the County Attorney to take on outside attorney work. With a full-time designation, the county attorney would not be able to make additional money outside of what they receive from the County as set by the Board of Supervisors. Twillman stressed that the duties of County Attorney are completed prior to outside duties being completed. Twillman stated he is not running for County Attorney, and this Resolution is the reason why he isn't, and he strongly recommends not doing this as he believes it will be hard to find someone to run for County Attorney. Dickson asked how the County Attorney would have time to complete outside attorney work when they are so busy? And if they do have the time to complete outside work, why is there a full-time assistant in the office? Twillman stated its based-on work ethic, and some weeks are not a full 40-hour work week, but other weeks can be 60-80-hour work weeks. Grasty asked why change it? He stated that he hears that the job is being done, and the sheriff's office is happy with the work the attorney's office does, so why fix it if it's not broke? Kuster stated that he agrees with Twillman, and the sheriff. Carney asked what is wrong with putting the designation back to full-time now and then allowing the next county attorney to ask to be designation part-time.

Lisa Grossman, Panora City Administrator along with the following Panora EMS staff: Joe Hupp, Levi Johnson, Alex Olson and Stuart EMS Director Sean Bovinett, asked the Board to formally declare EMS as an essential service. By declaring EMS as essential, this would allow for a public measure to be placed on the November 2022 General Election ballot asking if the County tax payers would approve a \$0.75

levy for EMS. The tax dollars from that levy would be split between Panorama EMS and Stuart EMS, with Panorama receiving a larger portion given their service area in Guthrie County is larger than Stuart's. Grossman, Hupp and Johnson all provided detailed overviews of the services Panorama EMS provides. Panorama's paramedics are critically care trained, they employ 4 full-time paramedics and part-time paramedics and EMT's. Panorama would like to have a second truck to decrease the wait time of calls when one truck is already out. Panorama and Stuart EMS use LifeQuest for their billing service, which has a 98% collection rate. Both departments stress that they are getting revenue where they can. Panorama stated that they have been running in the red for the last few years, and it's come to the point they either adjust their services and the areas they respond to or they become a Countywide service with Stuart EMS. Bovinett echoed the same problems in Stuart that Panorama faces. The Board questioned both departments on crossing into Adair County and Dallas County, and if they have gone to each City in the County asking for them to contribute. Grossman stated that most Cities are at their max general levy. Brian Johnson, rural Panorama resident, stated that we pay taxes on Schools even when we don't have kids in schools, and pay taxes on roads and not everyone uses all the roads, he urged the Board to support this to be on the ballot in November. Grasty stated that he does not like the tax, but if one of his family members needed an ambulance, he would want them there. Dickson stated that no one is debating it as being essential, his reservation is that the rural area is always picking up the bigger chunks of taxes.

Brenna Bird, Guthrie County Attorney, reviewed code section 422D, that outlines EMS as an Essential Service. Carney asked what the plan is to work with other ambulance services. Levi Johnson, Panora EMS, stated that he thinks it makes more sense to fund Panora and Stuart as they are the two full time, 24 hour staffed paramedic services in the county. The funding is to make sure that the citizens of Guthrie County are covered, and these services are there to guarantee someone will show up when called. Grasty stated that everyone knows that EMS is an essential service, the bottom line for him is the fact that the Board of Supervisors have the ultimate decision on the levy rate that goes on the ballot. Dickson asked if the Board approves a resolution, will that commit them to moving forward with a ballot measure, regardless of the recommendation of the advisory council. Bird stated she would need to look into that further. The advisory council would assess the County's needs and present their recommendations to the Board. Ultimately, the Board of Supervisors set what goes on the ballot.
